The bulls have been developed on a high roughage ration and have not been on creep.

A volume discount will be offered on three or more bulls purchased. We will keep the bulls at no additional charge until April 15. They will be fertility tested before delivery.

We'd be more than happy to answer any questions. Call anytime or stop by to look at the bulls and visit.

Come early on sale day, lunch will be provided. We look forward to seeing you on February 28!

We are offering 80 bred heifers this year. All were A.I. synchronized bred to RR Endeavor in one day and cleaned up with Barstow Bankroll sons. They are due to begin calving March 25. They were ultrasounded for calving date. They have had ScourGuard shots, a booster, and poured with Cydectin.
